PROFESSIONAL SUMMARY

Statistics and Computer Science student with experience in data engineering, machine learning, and statistical analysis. Demonstrated ability to build end-to-end data pipelines and predictive models, contributing to research publications and AI projects. Seeking a technical or analytical role in the financial sector to deliver data-driven solutions that solve real-world problems and create business value.

WORK EXPERIENCE & INTERNSHIPS

The Berlin School of Economics and Law (HWR Berlin), Bengaluru (Remote)

Apr 2025 – Jul 2025

Research Intern

- Collected, validated, and cleaned parliamentary metadata through web scraping and manual data engineering, supporting the development of a structured Lok Sabha speech corpus, contributing to OCR, metadata processing, and corpus validation.
- Tested and optimized a Python-based parliamentary discourse processing pipeline by implementing Levenshtein distance-based error detection and data quality validation.

Anuvruttiksha EdTech Pvt. Ltd., Bengaluru

May 2024 – Jul 2024

Creative Technology Developer

- Developed technical scripts and animated solution videos for 6 LeetCode algorithms, simplifying complex data structures and algorithm concepts.
- Performed quality assurance on 12+ educational videos, ensuring the accuracy of code implementations and algorithm explanations.
- Collaborated with cross-functional teams using Jira and Confluence in an Agile Scrum environment to streamline project execution and content delivery.

PROJECTS

BSc • OralGuard – AI-Based Oral Cancer Detection System | Python, FastAPI, Flutter, PyTorch, Docker

Apr 2026 – May 2026

- Developed a content-based image retrieval (CBIR) system using MobileNetV2 and cosine similarity to retrieve clinically similar benign and malignant oral lesion images, with a FastAPI backend, Flutter application, and web interface deployed on Hugging Face Spaces.
- Implemented an AI-assisted clinical decision support workflow that returns ranked retrieval results with similarity scores, enabling rapid visual comparison for oral cancer screening.

BSc • Lok Sabha Political Speech Analysis | Python, R, PyTorch, Transformers, Hugging Face

Aug 2025 – Dec 2025

- Developed transformer-based multilingual NLP models using IndicBERT for classifying Lok Sabha speeches by topic and scope (national, regional, unclear) on a corpus of 25,000+ parliamentary speech segments.
- Built end-to-end data processing and model training pipelines, including preprocessing, annotation, evaluation, and deployment of trained models on Hugging Face.

BSc • AI Stock Predictor | Python, TensorFlow, Flask, LSTM, Yahoo Finance, Scikit-learn

May 2025 – Jun 2025

- Designed an end-to-end LSTM machine learning pipeline encompassing data pre-processing, model training, evaluation (MSE, MAE, RMSE), and recursive time-series forecasting.
- Built interactive visualizations for historical trends, prediction accuracy, and future forecasts, enabling intuitive analysis of market performance.

SKILLS

Technical: Python, C, R, SQL, MS Excel (Advanced), HTML/CSS/JS

Domain: Data Engineering, Machine Learning, Statistical Analysis, Data Analytics, AI Research

Soft Skills: Leadership, Data Storytelling, Public Speaking, Problem Solving, Cross-functional Collaboration

Languages: English — Proficient (C1) | Hindi — Fluent | Kannada — Native | Tulu - Native

CERTIFICATIONS & TRAINING

• **Automated Cyber Security Incident Response** — EDUCBA

Dec 2025

• **Mathematics For Machine Learning** — IIT Kharagpur / NPTEL

Nov 2024

• **Excel Tools in Mac Excel 2011** — Infosys

Nov 2024

CO-CURRICULAR & LEADERSHIP

Nuts & Bolts Productions, CHRIST University, Bengaluru

Jun 2025 – May 2026

Music Head

- Managed recruitment & on-boarding of musicians, coordinated performance opportunities, and mentored members to build a collaborative and active music community.
